

THE BCATO SERVICE AWARD

The BCATO SERVICE AWARD

George Metzger was a longtime Executive Director for this association who was dedicated to local government and spent most of his life helping the community. George served as a County Commissioner, worked as a reporter for a major Philadelphia newspaper and coached Little League. It is in this spirit the BCATO Executive Board established a Service Award in his name following his passing in 2005. This award is presented to a municipal official who has demonstrated outstanding public service in both an official capacity and beyond that capacity in their community.

The award recipient must be a member of BCATO, a Township Supervisor, Tax Collector, Auditor or Manager of a member municipality, who has been nominated by another member of this organization. The award is presented at the next BCATO Annual Convention.

Municipality _____

Contact Person _____ Title _____
